HUSTLE.

There is a business stir about Mt. Sterling just now. One firm sent out their representative here, who inaugurated a method by which some religious, charitable or public institution might become the owner of a library containing the productions of Standard Authors free of charge. Only a limited number of our business men were beneficiaries, and those out, realizing the scheme an honorable and drawing one, and that the business men interested would be the favored, fifty strong went down into their pockets, put up the money and inaugurated a second, putting out a \$750.00 library which will go to some institution free of any cost to it. The advertisement giving detailed instructions as to the purchasing and voting appears elsewhere in this issue and each week the vote for institutions and organizations will appear in the ADVOCATE.

GOOD INVESTMENT.

Winchester, dating from this week will have a street car system. The same parties with interests just as desirable need to do the same thing for Mt. Sterling. We say for Mt. Sterling, for while at the start it would be all outlays and no income, it would be an advertisement to the city and finally a remunerative investment.

Winchester will have about 7 miles of track.

In this issue we present the name of Mr. C. E. Sleed, candidate for Circuit Court Clerk, subject to the action of the Democratic party. Mr. Sleed is a son of William Sleed, present Jailer of this county, and born and raised here the people are in position to judge of his qualifications, to know him morally and politically. Mr. Sleed is making an active canvass and expects to be before the people personally before primary election day, December 10th.

For every paper bought of the MT. STERLING ADVOCATE at a cost of 5¢ the purchaser is entitled to ten votes in the Library contest and for each new subscriber and a paper he is entitled to 30 votes.

If a subscriber is in arrears to the ADVOCATE three years and pays up he will receive 90 votes in the Free Gift Library Association.

THE ADVOCATE has in the matter of choosing a legislative candidate been honest with the people, asking for the very best available Menifee Democrat, and if the party names a man who would be only a nominal representative it will be responsible.

The Convention to name a candidate for the Legislature will become a part of the past before our next issue, and we would urge our people to be honest with themselves in naming a candidate that would best serve the people. The office should seek the man.

Dedication of Hazel Green Academy Building.

Pearl Hall—the new academy building of Hazel Green will be dedicated on Thursday, Thanksgiving Day, November 27th. Mr. and Mrs. C. W. B. Mc will deliver the principal address. Everybody is cordially invited to come and let us rejoice together. It will indeed be a day of real Thanksgiving.

The exercises will continue through morning, afternoon, and evening. Dinner will be served by the citizens in the chapel of the old academy, to all visitors.

A rate of two cents per mile for the round trip will be given over the L. & C. R. R. to Helechawa, Frankfort, and Winchester.

What a fine opportunity this will afford to visit the Hazel Green Mountain Mission, of the C. W. B. M. Trains leave Lexington at 7:45 a.m. and Winchester at 8:20 a.m. for Helechawa, on Wednesday, Nov. 26th. All visitors will be met at depot gratis. If you contemplate going write Wm. H. Cord, Hazel Green, Ky.

Killed.

A letter from Miss Eva Bruton, Chicago, says that in the Marshal Fields & Co's store where she clerks, an elevator boy in some way lost control of the elevator at the eighth floor as it was going up. It sped to the 13th floor, striking with such force as to break the cable; then a terrible crash came as it fell 13 stories. How many persons were killed and injured she did not know as the accident was as much as possible, kept secret. She saw two dead bodies removed. Many women clerks, including Miss Bruton fainted and for a time there was much excitement.

Don't wait until all the good values are gone but come now at Levy's.

One of Bryan's Intentions.

William J. Bryan, puts forth a somewhat novel proposition editorially in the Commoner, for speaking as a newspaper editor, he demands that newspapers throughout the county be prohibited by law from guessing at the returns of elections, before election day. He demands that this species of public forecast violates the lottery laws. He says that it's an incubent upon the post office department to stop the practice and delares that if the department will not act, he will appeal to the next Congress.

IOWA PRESS COMMENT.

"U" Grangers Won't Stand It.

The Iowa City Republican notes that Congressman Foss, of Massachusetts, favors free trade in cattle and wheat, in order that New Englanders may avail themselves of the Canadian market near at hand, but it asserts that the scheme won't work. The Republican likes to see "a Yankee gnawing beef-steak from a critter an Iowa farmer sold at 7 cents on hoof," and also "the big shoe factories using leather made from western hides," and it sends this ultimatum to the down easters: "No thanks, Mr. Massachusetts, you cannot work your free trade in cattle, hides and wheat upon us grangers out here. We have the stuff, and the eternal, you have to eat it, tariff and all, or off comes the tariff on your textiles, shoes and clothing."

The Harrodsburg Herald is after the boys and girls of that town for making love on the streets. It thinks that doing the Romeo and Juliet act without the balcony business is an offense both to the police and the officers.

Life insurance companies are considering the advisability of making a special low rate for those who do not use strong drink. Statistics show that total abstainers can throw off disease much better than those who indulge. Only

THE SCRIBBLER

Wise and Otherwise—Mostly Other-wise Begged, Borrowed, Stolen

Consumption

A Kansas editor recently gave the following advice to the young men of his town: "It cannot be denied that church services develop the best there is in a man. Church attendance suggests cleanliness—in mind and body—a getting away from one's self and where the conditions have a tendency to reverse the machine, to take one's self out of one's self, and to a degree direct in the channels of brotherly kindness and charity; and we have often wondered why bright young men—well dressed and self-respecting young men—can loaf about the shops and street corners all Sunday morning, while there are so many empty seats in the churches. The greatest force to day in the world is the church and the young man who loaf on the streets Sunday, sneers at Christianity, reviles the churches, while neglecting or refusing to attend church services shows a lack of something in his moral makeup. Church influences, church teachings, are uplifting; church services, when not tedious, appeal to a man's better nature, while they are often entertaining and instructive. No young man in the town can offer a good reason for not attending church services at least once a week."

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the sample is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE, CHEMISTS, 409 Pearl St., N. Y. 50c and \$1; all druggists.

A very small percent of men die from typhoid fever, who do not drink while only a small percent get well of those who are addicted to the rum habit. This is equally true of a number of other diseases.

The Columbia, Mo., Herald remarks: "This blessed town has some queer ways. It strikes an old fashioned individual like myself as a little odd that girls should become society women as soon as they put on long skirts. They manage to get a smattering of schooling in this school town where the very atmosphere is heavy with literature. Then they quit even pretense at study and come out."

Their parents plead but it is no use. They have a taste of society and away they go. It is easier to harness a young male than one of these young maidens. After awhile, as is the duty of all women, except a sainted few, they get married and then some of them awake to the desirability of that larger look upon life which education gives. Then comes the pathetic picture of married women going to school. A girl has no business in society until she is through school. The social business has wrecked more happiness in this community than all the whiskey in all the saloons and drug stores."

The head and antlers of a magnificent specimen of the extinct great Irish deer have been found in a bog near Limerick. The horns measured nine feet six inches from tip to tip, and the head is the finest ever discovered.

Fined for Ballowe'en Pranks.

In Square Paynes' court, at Lexington, the four State College students, who had been arrested for their ballowe'en pranks in obstructing the street car track and otherwise injuring private property, were given an impressive trial which resulted in the imposing of fines in each case, aggregating \$30 and costs. Both fines and costs were paid. The young men's names are withheld at the request of the college authorities who explained that publication would embarrass them, as they believed their acts were the result of a misguided idea of fun.

Such conduct should not be tolerated in Mt. Sterling. We are pleased to state that some effort was made here to stop such "sport."

Small Pox in the County.
Last week small pox developed among the colored population of Grassy Lick. The authorities have the cases in charge. We clip the following.

A correspondent of the Liverpool Mercury, writes that the worst case of small pox can be cured in three days by cream of tartar dissolved in boiling water and drunk when cold at short intervals. It is a preventive as well as well as a cure. It has not failed in a hundred thousand cases, leaves no marks, causes no blindness, and prevents tedious lingering. An ounce of cream of tartar to a pint of water is the preparation.

Found Dead.

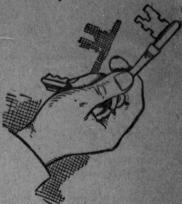

George Vest, Jr., son of Senator Vest, of Missouri, was found dead in his room at a hotel in Washington City on Thursday morning. Mr. Vest for a number of years had acted as private secretary to his father. The immediate cause of death was convulsions due to acute gastritis. Mr. Vest was about 42 years old. He leaves a widow and children.

Soldiers Will Be Paid.

Capt. C. C. Calhoun has returned from Washington with the muster and pay rolls of the Kentucky soldiers in the Spanish war, and the money due the soldiers will be sent to them by check early in December.

Dr. John Blakely, an aged physician of Trig county, was found dead in his road, where he had fallen from his horse. He was on his way to visit a patient and is supposed to have died of heart disease.

Key That Fits

"Half my patients need more iron," said "our doctor." Iron makes rich, red blood. Yet it is very hard to give iron, so it will do any good.

There are thousands of keys in the world—only one or two unlock your door. So we know of only one or two combinations of iron that seem to do the work.

By far the most generally useful prescription we know of is Vinol.

It has helped a great many cases in this town.

It contains the medicinal qualities of cod liver oil, iron that can be digested, and a little table wine.

It works wonders in sick women, pale children, and any run-down condition. Money back if you want it.

Dr. DeHAVEN

I MAKE A SPECIALTY OF NERVOUS DISEASES.

I have been especially successful in the treatment of nervous diseases. I not only cure nervous troubles but I can put 15 to 30 pounds of weight on a thin delicate woman or 20 to 30 pounds on a stout man to make him fat. I can enlarge the chest 3 to 6 inches in 60 to 90 days. I cure all forms of neuralgia, sciatica, rheumatism, headache, chronic constipation, and chronic catarrh.

In addition to my own specialities I prescribe the modern systems of cure—Medicinal Ointments, Liniments, Plasters, Liniments, Inj. etc., etc.

Treatment is given only in my Office and Sanitarium. Best of accommodations for out-of-town patients.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if we observed these rules they would find that the doctors' prescriptions do not perform the many cures they are given."

"In consulting with my druggist he advised McFerrer's Wine of Cardui and Theodore's Black Draught, and I took it and found it to be a great help. Thank him for his advice. My health has opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual system and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irritable and painful menstruation, falling of the womb, whites and blood, etc. It cures all diseases of the womb and womanhood, during pregnancy, after child-birth and in change of life. It treats all diseases of the womb which have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

WINE OF CARDUI**Blood Hounds Catch Barn Burners.**

The Lexington Leader in speaking of two blood hounds which spent a night at police headquarters said:

The dogs, named Nick and Dink, which are noble looking animals were in the care of their owner, Mr. V. G. Millikin, of Wilmore Ky., and was on his way home from Clark county where he had been with the dogs trailing the persons who had set fire to a tobacco barn and some wire fence cutters. Success followed both cases.

When the dogs were put on the trail of the barn burners they followed it for two and a half miles when the tracks of a buggy were plainly seen, indicating that the fugitives had entered a buggy at that point for the scene was lost. The buggy tracks were followed at a high rate of speed and the vehicle was overtaken and its occupants placed under surveillance. Later the dogs were put after the fence cutters and taking up the trail they went directly to the house of a negro who is now in custody charged with the offense.

Speaking of the dogs to the Leader, Mr. Millikin said: "This fellow here (laying his hand on Nick the other animal) is the boy which, with his mate, now dead, trailed some safe blowers during last April a distance of 55 miles when we captured the three, all of whom were convicted. He can take up a trail 26 hours old and follow it to the end."

Nick has been put on the chase of 83 criminals, capturing 69, all of whom have either been convicted on their trial or have pleaded guilty to the charges made against them, he has made fourteen falls.

Can He Pay?

A new sermon along the line of paying our honest debts would be very helpful. A man who doesn't look after his own household is worse than an infidel. A man who doesn't pay his honest debts (when he can) is not a Christian. It cost from 10 to 50 per cent. in this country to collect bills which ought to be paid without a question. A little instruction along this line would be very beneficial to people who do a credit business.

We are Back from New York WITH Bargains for All.

We went on the buyers' excursion to the great metropolis, and never was time and money more profitably spent by us, but it was you we were thinking of--of how best we could serve your interests by serving our own. We are now ready for fall trade as we were never ready before. Not a dollar's worth of unseasonable goods has been left in our new stock. Everything is new, spick and span.

Wagon load after wagon load of new goods have been continually unloaded at the Great Busy Bee Cash Store until progress along the street was impeded. For one whole week people had to walk around or pick their way through the wall of boxes that surrounded the entire store.

The proprietors of this Great Bargain mast the Busy Bee Cash Store gave instructions to their buyers before going East to leave nothing undone to make this the banner fall of their business career in this city, and the buyers have certainly exerted their skill to utmost capacity. Shelves, counters, ledges, and every available space in the large store is stacked and piled from floor to ceiling and are creaking and groaning under the immense weight of the new goods piled on them.

Our new Dress Goods are creating a big noise among the ladies who have seen them and the pretty, nobby stuff is already beginning to go out in large quantities. Our ladies know a good thing when they see it, and the beauty and elegance of these new things are so striking that they are taking advantage of them while they can get them.

Our Men's and Boys' Clothing is so far superior to any of our past efforts that it will be a death blow to all competition. Just think of buying a good Cassimere Suit for Boys for 95¢, a good Wool Cassimere Suit for Men for \$3.48. Our stylish, nobby suits will cost you just half the price other merchants ask you for the same things. Our Overcoats are already on the move, and wise customers are selecting now while they can get the new styles. Have a look at our Clothing; it will pay you.

Already our customers are beginning to say that we never will sell all the Cloaks, Wraps, JACKETS, RAGLANS, MONTE CARLOS, FUR JACKETS, FURS of all kinds, LADIES' ready-made Tailored Skirts and Tailor-made Suits that fill the tables, racks and even piled on the floor in our Tailor-made Suit and Cloak Department. The like was never before seen in Mt. Sterling. It is a sight worth coming miles to see whether you want to buy or not. The new style garments will tempt you and low cash price will sell you.

Our Underwear fills nearly one entire side of our big store. Underwear to suit everybody. Can't name prices, space won't admit. Don't pay over price for Underwear. Get posted; get our prices and qualities before you buy.

All the little notions that one needs are to be had here, and there's not as much to pay for them as elsewhere. No imitations or seconds; get standing room here. You pay for what you get, and you get what you pay for.

Fleisher's Shetland Floss, 50¢ lb. Best Spool Cotton, 4¢ spool. 10-4 Blanket, blue and red, 75¢ pair up. Good Blanket, blue and red, 50¢ pair up. Good Parcels, 5¢ yard; best, 5¢ and 5¢. Good Jine Fleeced Back Waistings, 85¢ c. yard. Good Pin-waist Petticoats, best quality, 85¢ c. yard. Good Double-Wide Blankets, 5¢ pair. Good Jeans, 12½ and 15¢; best, 85¢ yard. Large size Towels, 5¢ each. Clover Leaf Towels (bleached) 10¢ each.

Cheek Cotton for Dresses and Shirts, 5¢ yard. New line American Lady Corsets. Men's Suspenders, 10¢ each. Lacy Knit Yarn, 10¢. Pearl Buttons, 5¢ dozen. We are showing the latest things in Ladies' Fancy Hosiery. From 5¢ to \$1.50 per pair. Our line of Hosiery in all other grades is very complete and our prices the lowest for good goods. Get our prices Blankets and Comforts. They are piled mountain high in our store and must go out.

War to the Knife, the Knife to the Hilt,

Is the ruthless command that has gone forth against high prices in our Shoe Department. You can buy any style and kind, all the best qualities in Shoes and Boots at prices for good stuff that you pay for trash elsewhere. Don't buy a Child's, Woman's, Man's or Boys' Shoe or Boot until you have seen our bargains. We give you the best qualities. Our prices are the lowest.

Carpets, Rugs, Mattings, Upholstery, Lace Curtains, Gloves, Ribbons, Lace and Hamburgh Embroideries, Linens, Umbrellas, Men's and Boys' Shirts, Neckwear for Men and Ladies, Ladies' Underskirts, Hats and Caps, and anything else you want can be had here in large quantities at lowest prices.

We are rushing goods out in every department. Anybody who has anything to do with this great store's doings is working with all the vim and energy they possess it's economy to trade with us. For money saving read every offer carefully. Our way of selling goods is not to linger, but get them out and make room for others. East, West, North and South, and from every quarter brings letters and customers for new fall goods in every department. Get in the push; don't miss a single opportunity we offer this fall.

Cash Down When Goods Are Delivered is our motto and a money saving to every customer with each purchase.

We extend to you a cordial invitation to visit us this fall, and thanking you for past favors, we are

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The National Anti-Mormon Association.

The Omaha Convention of the Christian Churches saw the birth of a new missionary enterprise that promises to be of great importance to the disciples in the next few years. Ever since the coming forth of the Book of Mormon, in 1830, there has been a constant conflict between the church and the various Mormon organizations. This very naturally grew out of the fact that Sidney Rigdon, and many other Mormon preachers who began their work under his influence, were originally Christians. Their first efforts were directed against a people whom malice and ill will denominates Campbellites, and thus a bent was given to their work in the past 75 years.

Two meetings were held in the North Side Christian Church during the convention. At the first meeting after an interesting discussion, a committee was appointed to report a plan of organization. On the following day the committee made a report that, with slight modifications, was adopted.

At a meeting of the board, which immediately followed, John T. Bridwell was appointed General Secretary, and it was decided to push the work as fast as the funds would allow.

It is the intention to meet the delusion "by the distribution of Christian literature, by lectures and addresses, by discussions, and by the work of itinerant and other missionaries."

ROWAN COUNTY ITEMS.

During the trial of Harvey Moore for killing Finn Tolliver, Mr. Claude, about 50 years old, one of the jurors, became temporarily insane on Thursday afternoon. The case had been submitted to the jury for more than a day. The jury was discharged and the case continued.

About two years ago James Moore, master of Morehead, struck John Swift and broke his jaw. Swift sued him for damages. On Thursday a jury returned a verdict against Moore for \$2,000.

Dr. Elmer Northcutt sued the Morehead Oil & Gas Co., for breach of contract, claiming a controlling interest of the stock in consideration of services etc. On trial, the judge decided in favor of the company, but allowed Northcutt \$800 for services.

In the \$5,000 damage suit of Wm. Park, of Farmers against John R. Buckwalter, the case was remitted to plaintiff's petition. Park while working in Buckwalter's mill was injured by a log falling on him, hence the suit.

After six days deliberation the grand jury returned \$6 indictments.

The Inter Ocean Comedy Co. will open the night's engagement at the Grand Opera House beginning Thursday, Nov. 13, at popular prices—10, 20 and 30 cents—with the great comic sensational melodrama production entitled "The Great Robbery."

This company comes highly recommended and including Mr. Richard Glover, formerly of this city, and a brother of Mr. C. G. Glover, who will be remembered by all as the organist of the First Presbyterian Church in this city some years ago.

For the past three years he has been with Mr. Claud Amsden as the leading Baritone singer and comedian in the great comic opera, "The Bohemian Girl," playing all the larger roles. Mr. Richard Glover will positively appear each night, taking parts and doing a specialty, including songs. Seats for this attraction are on sale Tuesday, November 12th, promptly at 2 p.m. at White's Drug Store. Prices 10, 20 and 30 cents.

NOTE.

Instead of Ladies being admitted free opening night with one paid 30-cent ticket, any lady can purchase a ticket for 5 cents, lower door. Men, 30 cents. Opening night, Thursday, November 19th, 1902.

IMPORTANT NEWS— PAPER CHANGE.

Henry Watterson's Courier Journal Announces a New Policy.

During Three Decades the Louisville Courier-Journal has stood unalterably and conspicuously before the public as the representative of the great commonality of the people against both the Robber Baron, seeking through the accretion of ill-got money to steal away the people's liberty by stealing away their franchise rights, and the ready tool of the Robber Baron, the bandit politician, masquerading as a Statesman and a patriot to the better to serve the ends of his master. In fulfilling this high function it has had to go fast and sometimes to go slow, sometimes to cry "onward," and sometimes to cry "halt;" sometimes to drive at the root of things, and sometimes to drive ahead; but never changing the direction of its movement and always true to the underlying principle of its being, expressed by the simple demand for "The Greatest Good to the Greatest number."

With the advent of the New Year, that is on the first of January, 1903, the Courier-Journal began a campaign from which it looks for commanding results, and the better to reach the objects it has before it, the twice a-week edition was changed to a once-a-week edition, returning to the old Weekly Courier-Journal, which for a quarter of a Century was literally a political bible to millions of Americans who knew they could trust both its prescience and its disinterestedness.

The new Weekly Courier-Journal is modern in every respect, and is a paper for the home. It is issued every Wednesday, and its ten or twelve eight-column pages are filled with the best work of the best writers. The price of the paper is \$1 a year, in advance, and it is well worth it.

There is too much worldliness in the church. Men and ladies are prevented from going to the ladies Wednesday evening prayer meeting because of eucharistic and other social entertainments. Too many outside entertainments charm the church member and draw him away from the house of God. We need to renew our consecration, to devote more time to the service of God.

Large and deeply interested audiences attend the protracted services at the Waddy Baptist church, Sunday evenings, conducted by Rev. W. J. Bolin, pastor of the Baptist church here. He expects to return Saturday to fill his pulpit here Sunday morning and evening.

The special services at the First Presbyterian Church have had a very auspicious beginning, large congregations are attending and Dr. Cheek has preached strong Gospel sermons. Rev. E. E. Weaver will begin preaching on Thursday night, and from that time on there will be two meetings a day, one in the afternoon at 2:30 and the other at night at 7:00 o'clock. Mr. Weaver assisted Dr. Cheek in a series of meetings last Sunday.

Mr. Chock speaks in the highest terms of his word, believing that he reached and stirred people as no other man with whom he had ever worked.

There is too much worldliness in the church. Men and ladies are prevented from going to the ladies Wednesday evening prayer meeting because of eucharistic and other social entertainments. Too many outside entertainments charm the church member and draw him away from the house of God. We need to renew our consecration, to devote more time to the service of God.

How it Happened.

The independent voter did not vote.

Some Democrats voted, and others voted.

No one exercised the right of franchise except the nonaffiliated voter.

The balloting was confined to voters.

Apathy ruled the Republicans who remained away from the polls.

This was an off year.

There was every incentive to elect some one.

For some reason no one took any interest in the election.

Had the total registration voted, and voted one way, it would have been a landslide. As it was, the people were divided on the candidates.

Premature Explosion of Fire-works While Celebrating Over Election Returns.

With a list of twelve persons killed and seventy-four injured before him, Eboron Scholar, of New York City, has inaugurated an investigation of the explosion of fireworks in Madison Square Tuesday evening of last week. Eight men have been locked up, charged with criminal neglect.

"It is a case of absolute criminal neglect," said the coroner. One of the mortars was set off and it was pointed at a row of other mortars in line. There was a defect in the bottom of the mortar and it leaned towards the others, which were set off by the fire ball thrown towards them.

The district attorney said: "Dynamite bombs should not be allowed in such a public place. I have no doubt that a permit had been issued for the exhibition, but a rigid investigation will be made. Steps will be taken to prevent anything like this occurring in the future.

Not Dewey.

In raising the Spanish vessels in Manila Bay, some interesting facts have developed. Marques del Duero was raised by the Philippine Engineering and Constructing Company, and it was found that but one shot took effect on that vessel. It pierced the bow above the water line. This goes to prove that the American guns didn't sink this little boat. The only rational conclusion is that the Spaniards scuttled her rather than have her fall into the hands of the Americans.

If this keeps up, where will be Mr. Dewey's fame?

The Marine Hospital Service has received advices of the fearful ravages of plague and cholera in the old world. It is estimated that there have been seventy-five thousand cases of cholera in the Philippines since March 20th with a mortality of 75 per cent. Thousands are dying daily in China from this awful disease. In Europe about twenty-four thousand died of cholera from July 15th to August 15th.

Illinois history will be represented at the World's Fair, St. Louis, by a series of great paintings specially made, portraying the great historical events of the State. A loan exhibit of books and papers was also proposed at a recent meeting of the State Historical Society.

The exports of pig iron from the United Kingdom in the eight months ending August 31 were 612,930 tons, as compared with 583,930 tons in 1901, and with 1,045,256 tons in 1900.

The State Board of Valuation has fixed the value of whisky in bond on September 15th last at \$8 per barrel.

CLARK COUNTY ITEMS.

The man or woman who enters the ranks of labor is known thereafter as a "hand." Hands are clasped as factory hands, field hands, farm hands, nail hands, etc., but the fact remains to the employer that they are simply hands to lift, to carry, to haul, to push, to control machinery or to toil generally. These people have hearts, brains and stomachs as others have, but no account is taken of that fact. When sorrow shadows them they are still only hands. When wages are cut, the factory shuts down or is run only part time, although the stomach might be considered in this reduction of the daily ration of food, yet to the employee there is nothing to consider but "hands."

The real trouble is that the worker seems in the main to accept this classification and to be satisfied to consider only the skill and quickness of the hands that earn the wage on which life is sustained. As long as the hands keep their strength and cunning he is sure of a job. But the body is to be considered as a whole, each part and organ being connected, and each organ and part having as its vital center, the stomach. When it is said that no man is stronger than his stomach it means that no man's hands, no man's muscle, no man's nerves, no man's heart, liver, lungs or kidneys can be strong if the stomach is not strong. Why? Because the stomach processes and distributes the nutrition for the body. It is the stomach that is weak if it can only work one part of the time or does imperfect work, and when the stomach works only part of the time it is a sure sign that in a short time the hands will only work part of the time; when the stomach does poor or imperfect work the hands will do poor and imperfect work, and eventually that means a lay off or the loss of a job.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Connolly, of 335 Walnut Street, Lorain, Ohio. "It got so bad that I had to lay off my other work, two and three days a week. My stomach would not be in condition to work. I was in a bad condition for a week." I have been laid up and treated by the best doctors in the city, but got no help whatever. Some said I had cancer of the stomach, others cancer, others dyspepsia. I have bought and tried everything I saw advertised for dyspepsia and stomach trouble, but continue to get no relief. After a week I was so bad I had to give up my work. I was in such condition that my friends had some fear about my recovering. I called a doctor and he found me in a very bad shape. Hands and limbs were cold and drooping with a cold sweat. He told me that I had a very bad case of chronic indigestion and ordered an injection of hot soap every two hours. I followed his directions. It was a week before I began to feel better. It was the first time in my life I had been ill so long. It was the first time I had been ill so long since spring (1898), but did not improve any. By some way or other I happened to get hold of a vial of your 'Pellets' and I thought they helped me. It was then I wrote to you for advice. You told me that by your symptoms you thought I had liver complaint and advised the use of your 'Gentle Autumn' and I followed your directions. It has been a great help. I have been taking as directed, and am very happy to state that I commenced to get better from the start, and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years.

Mr. Connolly's letter proves the point that strength to labor depends on the strength of the stomach. It also proves a great deal more; that Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, makes the weak stomach strong, and so gives strength for daily work.

There are to-day thousands of men in mill, farm, factory or shop who are able to work week in and week out in the enjoyment of perfect health who were at one time unable to work at all, or painfully managed to put in a little time each week. Dr. Pierce's Golden Medical Discovery cured the disease of the stomach and its allied organs, which was the cause of their weakness and debility, enabled the perfect digestion and absorption of the nutrition, which is the one and only source of physical strength.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 13 Eastern Avenue, Toronto, Ontario. "I tried a great number of remedies without success. I was so bad for so long that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. Could not sleep nor follow my studies (I was a law student). It was about three months ago I first heard of Dr. Pierce's Golden Medical Discovery." After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land.

Men and women who are weak, run-down and debilitated will find in Dr. Pierce's Golden Medical Discovery the means of a restoration to health. It cures dyspepsia and other forms of stomach "trouble" which prevent the perfect digestion and assimilation of food. It cures, through the stomach, diseases of heart, liver, lungs, kidneys, etc., which have their cause in the disease of the stomach and other organs of digestion and nutrition. The heart, liver, lungs, kidneys—all the organs of the body—receive added strength from the nutrition extracted from food. When "Golden Medical Discovery" cures the diseases which hinder the perfect nutrition of the body, and heart, liver, lungs, kidneys, etc., are perfectly nourished, they too become strong with the body generally.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free, and so obtain, without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

"I Fully Appreciate The Value

Of your "Medical Adviser" in my library," writes F. T. Houghton, of Horriton, Mariposa Co., California. CLARK COUNTY ITEMS.

The tobacco barn of Charles Swift, Sr., in Clark county, containing fifteen acres of tobacco, was set on fire and destroyed. The loss is about \$3,000 with \$1,000 insurance. Mr. Swift had incurred the enmity of a class of day laborers by installing labor saving machinery on his farm.

The citizens of Germantown presented a bill of complaint to a small majority to enforce the law preventing stock highway. People dependent to a great extent on the public highway for pasturage were bitter in their opposition, and on election night the fencing of J. H. Lisle, Zack Elkin, W. H. Talbott and other prominent farmers was torn down and there stock turned out on the public roads.

Judge Redwine Makes an Appeal for the Enforcement

of the Law.

When the November term of the Breckinridge Circuit Court convened Judge Redwine made an address to the grand jury, in which he made an appeal for "the enforcement of law and the preservation of order." He said in part:

"A faithful, fearless and impartial discharge of every duty imposed upon you will be the first important step towards discovering and bringing to trial the many criminals who have made both life and property insecure at home and have given your county such unenviable reputation abroad. I trust that your deliberation will be such that the men who have been shedding the blood of their fellowmen and spreading terror through the county will be made to feel there is power and might in the strong arm of the law. No man for a moment should think of becoming his own avenger, or inflicting chastisement upon those who may have trespassed against his rights. Let the law punish every crime and right every wrong. I want to direct your attention especially to the homicides that have been committed within the last year. While there are many cases that will demand your attention, most of them have been committed under circumstances that will make it easy for you to identify and indict the guilty parties. There are two cases, however, that I think necessary for you to give your earnest and most determined efforts to ferret out and bring to light. On the streets of Jackson, two men, Dr. Cox and James Cockrell, have been shot down, one in the night and the other in open daylight, and strange as it may seem, the perpetrators of these terrible crimes have never been discovered or brought to trial. I want to insist that you give to these cases your most earnest and determined efforts. Crimes like these should not be allowed to go undiscovered and unpunished. I say to you, gentlemen, that if it takes the whole of your time at term of court to find the evidence and complete the hearing of these cases, you should give it cheerfully. The court will give every assistance in its power and the witnesses will be brought before you and given every protection the law affords in any community.
